

REACH COMPLIANCE STATEMENT

Nikon X Tek Systems Ltd. ("Nikon X-Tek") are identified as Downstream User and Article Producer as identified by article 3 of The REACH etc. (Amendment etc.) (EU Exit) Regulations 2019 (the "REACH Regulation"), which is adopted from the EU Regulation (EC) 1907/2006.

Downstream user: means any natural or legal person established within Great Britain, other than the manufacturer or the importer, who uses a substance, either on its own or in a preparation, in the course of his industrial or professional activities

Article: means an object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition.

Duty to communicate information on substances in articles

If Nikon X-Tek Systems Ltd. identify a substance in their product meeting the criteria in Article 57 regarding Annex XIV of the REACH Regulation and identified in accordance with Article 59 thereof, in a concentration above 0.1 % weight by weight (w/w), we are obliged according to Article 33 to provide the recipient of our product with sufficient information, available to Nikon X-Tek, to allow safe use of the product including, as a minimum, the name of that substance.

Nikon X-Tek will give priority to the purchase of items produced while taking environmental issues into consideration.

Nikon X-Tek will give priority to suppliers who are proactive in caring for and conserving the environment.

Nikon X-Tek have asked suppliers of materials, components, and finished products to provide us information on substances concerned in the supplied items.

Nikon X-Tek will continue to work closely with the supply chain to ensure that all the requirements of REACH are fully implemented.

The Quality and Environmental Management Systems of Nikon X-Tek shall provide for the appropriate processes to be effectively operated in accordance.

President

Steve Hansen
